Champion Striker is now available on the App Store!

FOR IMMEDIATE RELEASE:

Champion Striker by Mutant Games has been released today on the App Store! In Champion Striker, you can either play as a Striker, flicking the ball to kick, or as the Goalkeeper, tilting the iPhone to move the gloves. It's a simple idea, with lots of fun features, such as different Targets, Power Ups and Ball types. Moreover, two players can play locally, sharing the device by turns: Kick balls and then challenge your friend to save them!

"We're very proud of the captains **illustrations**, they differentiate our game from the other penalty games" said Jaime Herrera, Art Director at Mutant Games.
